

Scout Adventurer Skills Stage 9 Training post Rec 4

Specifically Designed as an endorsement to a REC 4 course to provide training and skills required for the Scout Stage 9 Emergencies Award

Module 1 Specific Areas of Interest and Expeditions

Stage	Competency Statement	Stage	Competency Statement	Stage	Competency Statement
8	<p>I know how to treat specific injuries which may occur in my chosen area of interest. In certain areas of interest particular injuries may occur more regularly - twisted ankles, fall injuries, minor burns for example. Scouts need to know of these and how to treat them.</p> <ul style="list-style-type: none"> • Know the particular injuries common in certain areas of interest. • How to diagnose and treat these injuries. • How to get help if required. 	8	<p>I know how to educate others to the possible dangers that can be encountered and how to deal with them. Scouts should be able to anticipate and notify others to possible dangers and how to cope with them. Have knowledge of possible emergency situations on an activity and be able to impart this knowledge to others. Educate and assist others in dealing with emergencies that may arise on a particular activity.</p>	9	<p>I know how to deal with regional specific illnesses depending on my location or the location I am travelling to. In certain regions some illnesses are prevalent which may not be in your area of origination. Scouts will need to be aware of these and prepare for any eventuality in the location. Know of diseases specific to certain areas if travelling to them. Ensure all Scouts are vaccinated against illnesses and diseases if necessary. Know how to treat and where to get help if these diseases and illnesses arise.</p>

Module 2 Risk Assessment

Stage	Competency Statement	Stage	Competency Statement	Stage	Competency Statement
8	<p>I can risk assess an activity and steer clear of dangers. Having sufficient training and simulation experience Scouts will have the ability to make good decisions in an emergency situation and do what is in the best interests of the injured person.</p> <ul style="list-style-type: none"> • Be able to assess emergency situations. • Be able to assess the safety of any accident site. • Be able to act promptly to make accident casualty(s) safe 	9	<p>I know how to assess and manage risk in various and constantly changing situations. Scouts must be able to carry out a risk assessment of any activity they hope to engage in.</p> <ul style="list-style-type: none"> • Know the benefits of risk assessment. • Know the procedure for carrying out a risk assessment. • Be able to make an informed decision in relation to partaking of an activity. 	9	<p>I can constantly risk assess situations as they arise and take measures to limit injuries. Scouts should be aware that if an emergency occurs in a difficult or dangerous situation; that they will constantly need to risk assess the situation; to ensure that the victim is safe and that no further injuries can occur due to changing circumstances. Scouts should propose likely scenarios and suggest actions.</p>

Non Course Logs
